Dear Simon,

All our formal letters are now ready. They cover Broadmeadows/Tanyard as well as The Chase so I will deal with each separately.

Broadmeadows/Tanyard

The process with the developing plan, and hence with the letters, has taken a little while but that is primarily because Brian Edwards has now agreed to add all of his land to the equation and then it made sense to also consider the strip of land beyond the ponds and under the Ashburton Estate (though we are only just about to contact the owners of that area). This is why we were delayed but all the additions make for a far more sensible and, in our view, viable overall project. We are of course also contacting all the other relevant landowners. I'm sure you will appreciate why we could not include all this in the plan as a full 'allocation'; that would have required a level of technical information well beyond the scope of what is a community-led plan.

The Chase

Despite further cautions from Herefordshire Council, we have chosen to include the site in the draft Neighbourhood Plan because we consider that a development of the sort you propose is appropriate. We did not, however, feel that we had enough evidence/argument, once again, to include it as a full 'allocation'. If Mark was able to provide us with further information, notably about how to deal with the site being an 'unregistered park or garden', about any other historic/conservation constraints (and how to overcome them), ecological implications and so forth, we may be able to shift it from 'criteria-led' to 'allocation'.

I am attaching the two relevant Town Council letters and the draft sites section of the plan to which the letters refer. Please come back to us if you have any queries. (if you wish to phone, the mobile number is best.)

Regards

Jeff Bishop
